Applicant hereby submits this Request for Reconsideration of Petition in response to the Notice of Abandonment and Decision on Petition in the above-identified application. The Decision on Petition mailed April 18, 2007 indicates Applicant's previous petition was dismissed because the docket report supplied was for the above-identified patent application rather than a docket report for that date for all docket replies. In particular, the Decision indicates that the docket records showing all replies docketed for the due date of April 11, 2003 would have to be submitted. While Applicant's interpretation of the rules is that only the docket record for the above-identified patent application is required, nevertheless, Applicant has attached hereto a complete docket report in the undersigned firm's database for replies due April 11, 2003, the date on which a response to the Notice to File Corrected Application Papers would be due. As

reflected in the attached docket report, the docket records do not include an entry for the docket number 5181-71100 corresponding to the above-identified patent application or to the Notice to File Corrected Application Papers mailed March 11, 2003. Accordingly, in view of this submission and Applicant's original Petition filed January 15, 2004, Applicant believes sufficient evidence has been presented to establish that the Notice to File Corrected Application Papers mailed March 11, 2003 was not received by the undersigned.

Applicant therefore respectfully requests granting of this Petition in the application and requests that the Notice of Abandonment be withdrawn. Applicant attaches hereto a copy of a Response to Notice to File Corrected Application Papers; Amendment filed on January 15, 2004.

No fees are believed necessary, however, should any fees be required, please appropriately charge those fees to Meyertons, Hood, Kivlin, Kowert & Goetzel, P.C. Deposit Account Number 501505/5181-71100.

Respectfully submitted,

/ B. Noël Kivlin /
